

EV PURCHASING CO-OP DEALERSHIP INCENTIVE

Sport Cadillac

Cadillac is providing up to \$1500 towards the cost of installation (labor, permit, materials) through Qmerit, which will be paid directly to the Qmerit electrician. Any additional costs are the customer's responsibility. Cadillac has appointed a dedicated LYRIQ Qmerit Concierge to be the single point-of-contact to provide guidance and transparency to customers throughout the home installation process.

The customer's Qmerit electrician will provide them with a quote. Once approved, the Qmerit electrician will pull all required permits, schedule the installation and customers will pay them the remaining balance (if any) at the time installation is complete. **NOTE:** Customers who receive installation prior to delivery and then cancel their order will be responsible for reimbursing GM the total amount of credit paid on the Customer's behalf, up to \$1,500.00, direct to GM, upon GM's request.

If home installation is not possible or desired the alternative is the 2-year unlimited charging plan through EVgo. The time period shall begin once Customer redeems the EVgo activation code, which gets sent by GM upon vehicle delivery. This is great for Customers who may live in an apartment building or rental and aren't able to install a level 2 home charging system or for customers who already have home charging installed. Customers must accept offer terms and conditions in order to take advantage of either offer. See <https://www.gmhomecharging.com/CadillacHomeChargingTerms.pdf> for full terms and conditions, limitations and details.
